

# How to finance your studies?

## Task 1:

Have a look at the statistics in [Link 1](#) and talk about them. Give your opinion. What might explain the differences between countries?

Over one third...

More than half of...

Three quarters of the people...

Most of them...

Only very few people...

One out of two people...

The majority...

## Task 2:

Discuss possibilities to finance your studies. Pay special attention to student loans and financial aid.
