

# Urban planning

## Pre-task:

Find a detailed map of your town and show it to your partner.

Image 1

## Task 1:

Tell your partner about how your city is organised.

- Transport network
- Is it pedestrian-friendly?
- Is it bike-friendly?
- Do people have long commutes?
- Are there any parks? How do people use them?
- Are residential and commercial areas separate?
- What do you know about the city government? Do you think they are doing a good job?
- If you were an urban planner and had a budget of 10 million euros to improve your city, how would you spend it?

(Un)reliable public transport

Transport strike

Crowded areas

Level of air pollution  
Environmentally friendly  
Right-wing/left-wing mayor
