

Your studies and the world of work

Pre-task:

Try to come up with as many words related to studying and working as possible. Your partner can help you and suggest further words and useful expressions.

Image 1

Task 1:

Describe what your studies look like, for example:

- What subject(s) do you study?
- Why did you choose this subject / these subjects?
- What do you like about your studies? What don't you like?
- How many lessons a week do you have?
- In your studies, do you have seminars / lectures / tutorials /... ?

Task 2:

Discuss the following questions:

What area do you usually work in with a degree in the subjects you are studying? Which area would you like to work in after graduation (= when you finish your studies)?

Most people work as teachers / in marketing.

This varies greatly. Some people... / Other people...

You are very flexible with a degree in... You can...

Task 3:

Describe what your dream job would look like. For example:

- Interesting duties
- Friendly colleagues

- Lots of holidays
- Earning a lot of money
- Much / little responsibility
