

# Let's compare: My university, your university

## Pre-task:

Which words do you already know about the topic university? Share them with your partner who can suggest further useful vocabulary.

To study

Library

Campus

Module

...

Image 1

## Task 1:

Introduce your university to your partner, for example:

Where is the university?

How many students are there?

What does the campus look like?

Which subjects can you study?

## Task 2:

Explain why you decided to study at this university, for example:

University course (= what you study)

Reputation

Location of the university

### Task 3:

What do you like about your university? 

What don't you like about it? 

I like:

Modules / lectures / seminars

Lecturers / professors

Library

Sport facilities

Halls of residence

### Task 4:

Ask questions to try to find out as much as possible about your partner's university.

### Follow-up task:

Try to find some pictures of your tandem partner's university online. Discuss at your next tandem meeting what you saw on the pictures and if your own university looks similar or different.
