

Work and pay

Task 1:

Tell your partner: What are the prospects for getting a job after university in your country?
Compare the youth unemployment statistics in different countries, e.g.:

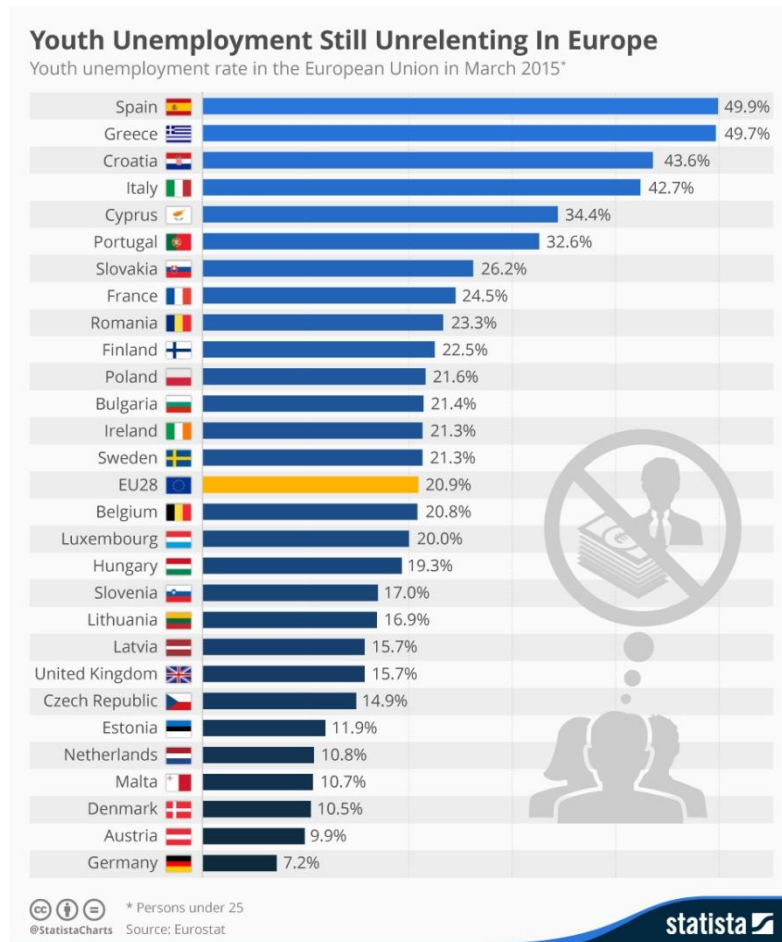

Image 1

What could be the reasons for the differences? What do you think could be done to improve young people's opportunities in the job market?

Task 2:

Tell your partner: Does your country have a minimum wage? What is the amount? Compare the minimum wage levels in different countries, e.g.:

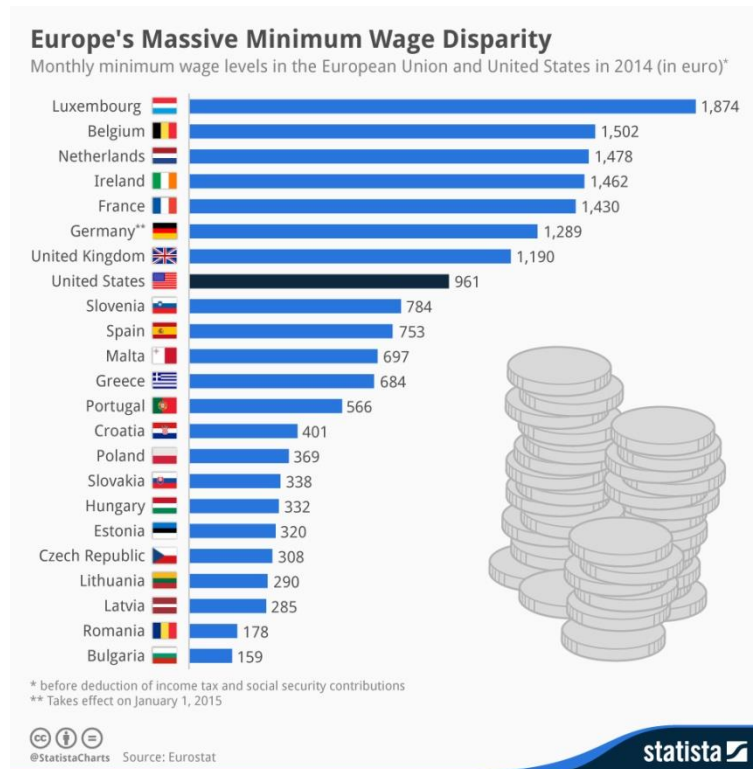

Image 2

Discuss possible reasons for the differences.

Task 3:

Discuss, to what extent the minimum wage is appropriate in your opinion. Should the same minimum wage apply to all or should it be different according to age?
